## SUMMARY

Computer Science graduate with practical experience in software and web application development through academic and project-based work. Equipped with strong problem-solving skills and a solid technical foundation, seeking an entry-level or junior developer position to grow and contribute in a professional development environment. I am **willing to relocate** as I have permanent accommodation in Seri Kembangan, Selangor.

## SKILLS AND LANGUAGE PROFICIENCY

| | | |
|---|---|---|
| **Programming Languages** | : | Java, JavaScript, TypeScript PHP, C/C++, HTML, CSS |
| **Frameworks & Platforms** | : | Spring Boot, Laravel, Node.js, React.js, Vite, Tailwind.css |
| **Database & Integration** | : | MySQL, PostgreSQL, Firebase, Google Cloud |
| **Tools** | : | Laragon, Git & GitHub, Linux, Figma, Postman, Android Studio |
| **Languages** | : | Malay (Advanced), English (Good) |

## PROJECTS

***Stock Management System - GitHub*** ***2026***

- Built a high-performance backend using Java Spring Boot 4 and Java 17, following the Repository Pattern for clean data abstraction.
- Developed advanced server-side filtering, case-insensitive search, and multi-column sorting logic using Spring Data JPA.
- Configured Spring Security to implement role-based access control and secure session management
- Created a single-page management interface using Vanilla JavaScript, featuring real-time stock-level visualization with Chart.js and asynchronous data synchronization via the Fetch API.

***Personal Expenses Tracker - Github*** ***2026***

- Developed a full-stack solution using Laravel 12 and PHP 8.2, leveraging Vite 7.0 for optimized asset bundling and performance.
- Integrated Alpine.js and Tailwind CSS to build a lightweight, responsive user interface with real-time DOM updates for financial records.
- Built a custom analytics engine to compare month-over-month spending and visualize 6-month financial trends using interactive charts.

***Web-Based Laboratory Sample Management System (Final Year Project) - GitHub*** ***2025***

- Integrated the OpenRouter API (OpenAI SDK) to develop a predictive analysis module that estimates sample expiry dates based on environmental factors and biological sensitivity.
- Engineered a background task system using node-cron to automate status updates and trigger Nodemailer alerts for critical sample conditions.
- Implemented session-based authentication with Bcryptjs password hashing and a custom OTP (One-Time Password) system for secure password recovery.

## CERTIFICATION

- AWS Cloud Practitioner Essentials ***2025***
- Cisco: Introduction to IoT ***2024***
- Google Cloud Computing Foundation: Data, ML and AI in Google Cloud ***2024***
- Google Cloud Computing Foundation: Cloud Computing fundamentals ***2024***
- Google Cloud Computing Foundation: Networking and security in Google Cloud ***2024***

## WORK EXPERIENCE

***Digital Apprentice – Jabatan Perkhidmatan Komputer Negeri Sabah*** ***Mar 2026 - present***

- Planning, managing, and implementing skills development programs, technical training, and employee competency assessments.

***Digital Innovation Team Intern – Jabatan Hal Ehwal Agama Islam Sabah*** ***Sep 2025- Dec 2025***

- Provided technical support for end-users, including troubleshooting hardware, software, and network issues
- Developed an interactive dashboard using Looker Studio by collaborating with department stakeholders to gather requirements, design layout, and integrate data.
- Implemented a digital display system using Raspberry Pi and PiSignage to showcase the dashboard across multiple locations within the department.

## EDUCATION

***Universiti Teknologi MARA*** ***2022 - 2026***

- Bachelor Of Computer Science (Hons.) Netcentric Computing
- CGPA: 3.36

***Universiti Teknologi MARA*** ***2021-2022***

- Foundation in Engineering
- CGPA: 3.78 | MUET Band 4

***Royal Military College*** ***2019-2020***

- SPM | 4A+, 1A, 2A-, 1B+, 1B

## LEADERSHIP AND INVOLVEMENT

- Contingent Leader of Sabah Ministry of Education, Science, Technology and Innovation ***2026***
- Program Director of SULAM – Cybersecurity Awareness at KAFA Integrasi Al-Ghazali, Kg Budiman ***2025***
- Treasurer of Netcentric Computing Club (NETCOM) ***2024-2025***
- Entrepreneurial Executive of Netcentric Computing Club (NETCOM) ***2024-2025***
- Committee Member of the Student Welfare Secretariat (SKM) ***2024-2025***
- Program Vice Treasurer of MaybankDay@UiTM Shah Alam ***2024***
- Program Treasurer of Industrial Talk: Network Design & Management – Campus & Enterprise Network ***2024***
- Program Technical Executive of VALORANT VORTEX: KPPIM Competition ***2024***
